1. The Financial Conduct Authority (FCA)

The FCA is the independent regulator of financial services. Berkeley La Roche is directly regulated by the FCA and requires us to give you this document when advising on pensions, investments, savings and protection.

2. Our services

We offer independent financial advice from the whole of the market in the following areas:

Pension Planning – both corporate and personal

Pension Transfers – existing and retained pension benefits

Investment Planning

Mortgage and Remortgage

Annuities

Trusts – personal, corporation & share options

School Fees Planning

Income Protection as well as Critical Illness cover

3. What are your payment options?

We will discuss your payment options with you and answer any questions you have. We do not make any charge until you have agreed how we are to be paid. We have ticked the various payment options we offer.

Paying by fee - Whether you buy a product or not, you will pay us a fee for our advice, services and time. If we also receive payment from the product provider when you buy a product, we will pass on the full value to you in one of several ways. For example, the amount received can be used to offset our fee.

Paying by adviser fee payment – fixed or otherwise (via the product provider) - If you buy a financial product, we can arrange payment for our services via the product provider. Product charges pay for the product provider's own costs as well as any advisor fee payable. For an investment (Bonds, Pensions, Unit Trusts OEIC's etc) these charges and adviser payment reduce the amount left for investment. We agree the adviser fee before we complete any investment, pension or policy.

**Please see below for pension transfers, income drawdown, annuities and trusts*

4. How much might our services cost?

If you choose to pay by the fee option

We will either agree a fixed fee or the rate we will charge before beginning work. We will tell you if you have to pay VAT.

Personal Wealth Manager	£195 per hour

You may ask for an estimate of how much in total we might charge. You may also ask us not to exceed a given amount without checking with you first.

The sales process usually follows the same pattern as shown below:

- 1 Information gathering/fact find
- 2 Research to identify suitable products
- 3 Provide client with reports, financial health checks, forecasts etc
- 4 Recommend suitable investment products and advise their arrangement price
- 5 Act between the product provider and the client with a view to arranging
- 6 Where agreed with the client, providing ongoing review services in relation to the product's performance

In the event of you taking just 'Advice Only' (ie not proceeding with the application, leaving out steps 5 and 6 above), HMRC stipulate that VAT could become payable on the cost of advice received.

Individual clients requiring a mortgage or protection advice will be given a separate menu of charges known as an IDD.
